

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

INQUIRY INTO THE FEASIBILITY OF SET USE )  
FEE FOR TELECOMMUNICATIONS SERVICES IN ) ADMINISTRATIVE  
THE COMMONWEALTH OF KENTUCKY ) CASE NO. 356

O R D E R

On January 17, 1996, Coin Phone Management Company ("Coin Phone Management") filed with the Commission its Motion to Set Apart Issues into Separate Phases. Coin Phone Management requests that the Commission establish two phases in this case, the first to address set use fees for 0-/0+ local and intraLATA long distance calls, the second to address set use fees for interLATA long distance calls. As grounds for its motion, Coin Phone Management argues that the issues should be considered separately because [1] the Commission has previously addressed set use fees in the intraLATA context but not in the interLATA context; and [2] consideration of set use fees for intraLATA calls and consideration of set use fees for interLATA calls may affect the interests of some parties differently.

The Commission agrees that different issues and interests may arise in these different contexts. However, it does not appear that the case, or the issues involved, will become too complex or unwieldy to be handled efficiently in one consolidated proceeding. At this time it appears that efficiency will best be served by

adherence to the procedural schedule attached as Appendix B to the Commission's Order of January 4, 1996.

The Commission having considered the record and having been otherwise sufficiently advised, IT IS THEREFORE ORDERED that the motion of Coin Phone Management to separate the issues into separate phases is hereby denied.

Done at Frankfort, Kentucky, this 23rd day of January, 1996.

PUBLIC SERVICE COMMISSION

  
Chairman

  
Vice Chairman

  
Commissioner
